Lovely flat land with fantastic panoramic views of the surrounding nature and partial sea views. The plot has a very slight slope, which is great for building a house with a garden and a swimming pool, close to a beautiful pine forest and surrounded by nature. Made the primary project with a building permit. The project involves the construction of a house with an area of 350 sq.m with a swimming pool and a Mediterranean garden. It is possible to draw water from a well and receive electricity from Gesa. Call or write to us right now and get additional advice on this object! Feel free to contact our real estate agency "YES! MALLORCA PROPERTY" with any questions about the property for any additional information and organization of a visit.
